Hi, Angela.

Welcome to the December 2024 newsletter! We are excited for you to explore the latest product updates, webinars, and preparation materials to ensure a smooth lottery season in 2025.

Just Launched: Release 2.5.3!

Two highly anticipated features were included in the December 10, 2024, release just in time for lottery season:

- Merge Duplicate Students Across Years
- Option to Notify or Not Notify Guardians of Updates to Lottery Placement or Lottery Status

For a full list of items included in the 2.5.3 release, click the Release Notes button below.

Merge Duplicate Students Across Years

The Merge Duplicate Students functionality has been expanded to not only ensure that a single version of a student exists in the system, but you now have the ability to select which relevant fields and forms across multiple years will be saved for the student. Cleaning up duplicate students is a recommended pre-lottery season best practice!

 We have found records over multiple years, please review and select the records to be merged. All non-selected records will be set to withdrawn.

School Years to Review: SY 2023 - 2024

SY 2023 - 2024 Applications (PREVIOUS)
Selected applications will be saved with the source student.

Applications To	<input type="radio"/> All Applications For This Student	<input type="radio"/> All Applications For This Student

Merge Duplicate Students

Option to Notify or Not Notify Guardians of Updates to Lottery Placement or Lottery Status

If the need arises post-lottery to make manual updates to a student's existing lottery placement or lottery status, this new feature allows you to make (and track) lottery changes for students, and then update families at a later date.

Adjust Application Placement ✕

Current Position: # on Waiting List

Move Enid on to the offered list
 Move Enid to on the waiting list

Notes / Reason*

Moving this student to offered list.

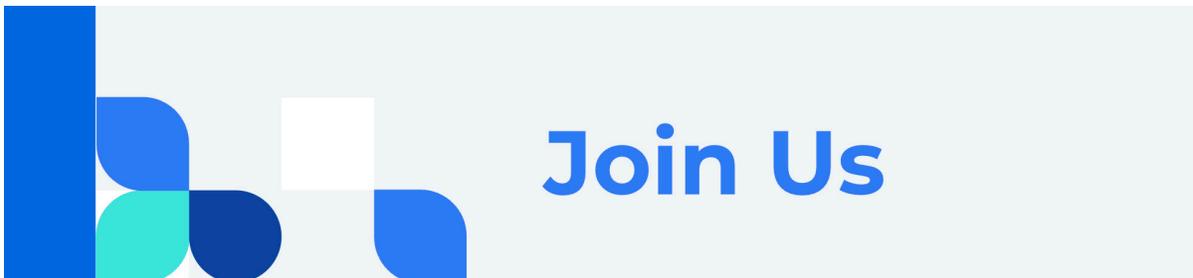

Required

Notify Guardians - (The Guardian Dashboard will update and the Lottery Placement email template associated with the lottery list program will be sent to the guardian with updated lottery results for this student.)

⚠ When updating placement without notifying a guardian, the following will happen:

- The Guardian dashboard will **NOT** reflect the updated lottery placement.
- The offer expiration timeline (auto-decline) will **NOT** start.
- The lottery list will need to be republished for Guardians to receive a notification with the updated lottery placement.
- Click the "Save Placement & Continue to Lottery Status" button to immediately update the acceptance status for this placement
- Workflow notifications with a custom trigger for lottery placement and/or lottery status **will still be sent** to guardians.

Notify / Do Not Notify Guardians

Winter Recess at SchoolMint

As the year comes to a close, we want to express our heartfelt gratitude for your trust and support. It has been an honor to work with you, and we are excited about what the future holds.

As a reminder, our offices will be closed for **Winter Recess** starting **Wednesday, December 25th** and resuming regular business hours on **Thursday, January 2nd** to allow our teams to enjoy the holiday season.

During these times, operations will be limited, which may result in a slight delay in our responses. We appreciate your understanding and look forward to continuing our work together and supporting you in the new year!

Wishing you a joyful holiday season filled with warmth, happiness, and new opportunities. Thanks for allowing us to be a part of your journey this year!
