SchoolMint Enroll: The Best of 2024!
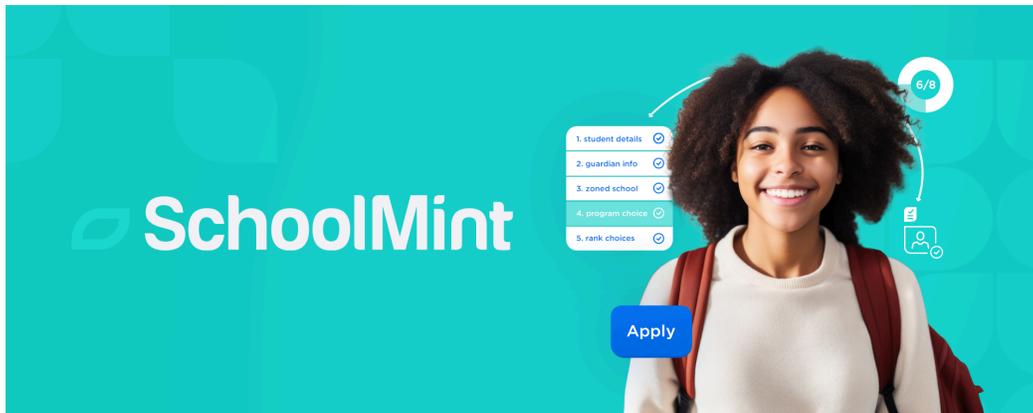

🎉 ICYMI: The Best of Enroll 2024 🎉

From shiny new features to small updates with big impact,
here's the best of what we launched in 2024.

Linking Applications and Registrations

Follow a student through your entire enrollment lifecycle from application to lottery to registration, and quickly filter for those who have a Not Started Registration.

Take A Look

Lottery Readiness Check

Confirm that all relevant lottery items are configured for success with the lottery readiness tool.

Get Ready for Lottery

Update Lottery List to New Cutoff Numbers

We know that seat availability can change after the initial lottery run, and this new cutoff number functionality makes moving student applications into those seats easier than ever.

Visual Impact

In 2024, we made small but impactful updates like highlighting the notes icon when a new note is present, and ensuring accessibility guidelines are met for your your family-facing color theming.
